

LCA SCHOOL CLOSINGS

Unscheduled school closings or delays in opening due to inclement weather or other emergencies will be posted on local television stations Channel 3, Channel 9 and Channel 12. Arrangements are being made with local radio stations as well that also may broadcast closings and delays, and additional sources of information will be communicated to school families as details are finalized.

LCA will be listed or announced as: **Lester Coon Adventist School**

Please note this listing differs from the way the school name has been listed in prior years, such as Apison SDA School.

Two websites provide daily listings of any schools in the area that are closed or have a delayed opening:

www.wrcbtv.com

www.newschannel9.com

Parents are asked **not** to call teachers before 7 a.m. on a day that the school may be announcing a closing or delay. School administrators need their phone lines open in order to contact authorities and notify other employees about changes in the school routine.
